Subject: Question on KCBX metals data

Hi Michelle and Nicole – Do either of you have monthly averages calculated for the KCBX metals data? I only recall seeing the long-term average in the ATSDR report, along with 3-day readings in the spreadsheet available on EPA's website.

And Michelle, I realize I need to circle back with you on the national manganese data that you sent me – have had to put that on hold for now!

Best,

Meleah
